

Dear Teachers,

*Adventures in Summer Learning* is a program offered by Springer School and Center to help children struggling in school strengthen skills and improve self-esteem. In our four-week morning program, the children receive small group instruction in reading, writing, spelling, and math. Instructors are trained in the education of students with learning challenges. In addition, they participate in a program that builds self-esteem called *Challenge by Choice*. Additional individual courses offer strategic and enrichment opportunities.

We will use the information you provide on the enclosed form to help with placement and instruction. Your contributions are very helpful to us and important to the student. Thank you for taking the time to fill out this form and for returning it as soon as possible.

If you have any questions or would like additional information about the program, please feel free to call Jill Wieging at 513-871-6080 x 402. You may fax (513-871-6428), email ([center@springer-ld.org](mailto:center@springer-ld.org)) or mail this form directly to Jill at:
