

Inclement Weather Policy

Springer School and Center will be closed whenever the Cincinnati Public Schools are closed for inclement weather. Cincinnati Public Schools posts its decision on all the television and radio stations carrying school closing information. The decision is also posted on the CPS website www.cps-k12.org.

When school is closed for inclement weather, all after-school activities and evening programs are also cancelled.

Springer will not delay the start of school.

We recognize that students using districts' bus transportation could be delayed. On days when your child's district delays, your child will be considered on time if they arrive by 10:15 a.m.

In the unlikely event that classes end early due to inclement weather, you will be notified using the Emergency Communication system (phone). Supervision will be provided through the regular dismissal time.
